

IN RECOGNITION OF THE WAYNESBORO AREA SCHOOL DISTRICT

**HON. JOHN JOYCE**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, February 11, 2021*

Mr. JOYCE of Pennsylvania. Madam Speaker, I rise today to recognize the Waynesboro Area School District students, teachers, and

leaders as they celebrate the successful completion of 100 days of school during the 2020–2021 academic year—a great accomplishment during the COVID–19 pandemic.

This ongoing public health crisis has affected every American community across the country—including our children and schools. Despite the challenges they are facing, the Waynesboro Area School District is open for in-person instruction and has only required virtual instruction for eight days this school year.

Getting children safely back to school is a key piece of our nation's recovery from this pandemic, and I applaud the Waynesboro Area School District leaders, teachers, staff, and parents for their commitment to their students' continuity of quality education.

As they mark their 100th day of school, I congratulate the Waynesboro Area School District community on a successful reopening of in-person instruction and wish them a continued safe and successful school year.
